## **Independent Auditors' Report**

The Board of Trustees
The Reed Institute:

## Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of The Reed Institute (the College), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the College as of June 30, 2024 and 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

## Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for one year after the date the financial statements are issued.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
  or error, and design and perform audit procedures responsive to those risks. Such procedures include
  examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the College's ability to continue as a going concern for a reasonable
  period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2024 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Notes to Financial Statements June 30, 2024 and 2023

## (1) Background

The Reed Institute (Reed College or the College) was founded in 1908 by Simeon and Amanda Reed, with one central commitment, to provide a balanced, comprehensive education in liberal arts and sciences, fulfilling the highest standards of intellectual excellence. Reed College offers a bachelor of arts degree in 25 major fields and numerous interdisciplinary fields, as well as a master of arts in liberal studies degree. The College educational program pays particular attention to a balance between broad study in the various areas of human knowledge and close, in-depth study in a recognized academic discipline.

## (2) Summary of Significant Accounting Policies

## (a) Basis of Accounting

The financial statements of the College have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### (b) Basis of Presentation

Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. The definitions used to classify and report net assets are as follows:

- Without donor restrictions: Net assets that are not subject to donor-imposed stipulations or donor-restricted contributions whose restrictions are met in the same reporting period.
- With donor restrictions time or purpose: Net assets subject to donor-imposed stipulations that will be met by either actions of the College or the passage of time.
- With donor restrictions perpetual: Net assets subject to donor-imposed stipulations that they be
  permanently maintained by the College; generally, the donors of these assets permit the College to
  use all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in net assets without donor restrictions unless their use is limited by donor-imposed restrictions. All expenses are reported as decreases in net assets without donor restrictions except for activity related to life income agreements. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted either by donor stipulation or by law. Expirations of restrictions on net assets when the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed are reported as reclassifications between the applicable classes of net assets and are reported as "net assets released from restriction" in the statements of activities and changes in net assets. Restrictions related to contributions for the purchase of capital additions are released when the asset is placed in service.

Reed College follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 958-205, *Not-for-Profit Entities – Presentation of Financial Statements*, which provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and also requires disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds. See note 12 for further disclosures.

7

Notes to Financial Statements June 30, 2024 and 2023

## (c) Measure of Operations

Reed College's increase from operations includes all operating revenues and expenses that are an integral part of its programs and supporting activities, net assets released from donor restriction to support operating expenditures, and transfers from board-designated and other nonoperating funds to support current operating activities. The measure of operations excludes investment return in excess of amounts made available for current use, as well as infrequent items.

## (d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## (e) Revenue Recognition

Tuition and fees – Reed College's operating revenue is primarily derived from academic programs provided to undergraduate students. The College bills tuition and fees in advance of each academic term and recognizes the revenue on a straight-line basis over the academic term as the educational services are performed. Tuition and fees are not considered separate performance obligations. Students are typically entitled to a partial refund through approximately the first half of an academic term. The College provides financial assistance in the form of scholarships or grants based on the recipients' demonstrated need. The financial assistance is reflected as a reduction of tuition and fees revenues and represents the difference between the stated charge for tuition and fees and the amount that is billed to the student.

Academic terms are determined by regulatory requirements mandated by the federal government and/or applicable accrediting body. The College's academic terms consist of fall and spring. The academic terms have start and end dates that fall within the College's fiscal year.

Students pay tuition and fees (net of scholarships) through a variety of funding sources, including, among others, federal loan and grant programs, state grant programs, institutional payment plans, private and institutional scholarships and borrowings, and cash payments.

Auxiliary enterprises – Auxiliary enterprises consist primarily of fees for room and dining services (board) during the student's education. Reed College considers room fees and dining services to have separate performance obligations.

Room fees are charged at different rates for dormitories and apartments. Room fees are billed in advance of each academic term and recognized as revenue on a straight-line basis over the period housing is provided. While the College believes the residential experience is an integral part of a student's education, it is believed to be a distinct performance obligation from the academic services.

Dining service fees are charged at different rates depending on the meal plan selected for the term of the agreement. Dining services are billed in advance of each academic term and are recognized as revenue ratably over the period during which the dining services are offered.

8

Notes to Financial Statements June 30, 2024 and 2023

In addition to room and board, auxiliary services include revenue earned from the bookstore and for various conference services offered by the College. Revenue from the sale of these goods and services is recognized once the performance obligations are complete.

Gifts and private grants – Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional.

Government grants and contracts – Individual governmental and private grant arrangements are nonreciprocal and are, therefore, considered contributions. The granting entity has not received a direct benefit in exchange for the resources provided. Revenue is recognized when the barrier to entitlement is overcome, which is when expenditures associated with each grant are determined to be allowable, and all other significant conditions of the grant are met. The College received grants from the Federal Emergency Management Agency of \$0 and \$1,278,960 for the years ended June 30, 2024 and 2023, respectively, to reimburse for diagnostic testing costs incurred between August 2020 and June 2022, in addition to other grant programs received in prior fiscal years.

*Investment return* – Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends), net of investment expenses is included in operating revenues, gains, and other support and nonoperating activities without donor restrictions unless the income or loss is restricted by donor, law, or endowment spending.

#### (f) Investments

Investments in marketable equity securities with readily determinable fair values and all investments in debt securities are carried at fair value. Some investments do not have readily determinable fair values, including certain private investments, fixed-income investments, absolute return investments, and investments in equities, and are valued at net asset value (NAV) as a practical expedient for fair value. NAV in many instances, may not equal the price for which the asset could be exchanged or settled on the measurement date.

Realized and unrealized gains and losses arising from the sale, collection, or other disposition of investments, as well as all dividends, interest, and other investment income, are shown in the statements of activities and changes in net assets. Gains and losses on investments related to gifts that the donor required to be invested in perpetuity (i.e., endowment funds) are reported as changes in net assets with donor restrictions.

## (g) Split-Interest Agreements

Reed College has been named as a beneficiary for various split-interest agreements. Each agreement provides for contractual payments to stated beneficiaries for their lifetimes, after which remaining principal and interest revert to the College. Assets contributed are recorded at fair value. In addition, the College has recognized the present value of estimated future payments to be made to beneficiaries over their expected lifetimes as a long-term liability. The present values of these estimated payments were determined on the basis of published actuarial factors for ages of the respective beneficiaries discounted using a credit-risk adjusted rate and are not changed after the date of the gift. Annual adjustments are made between the liability and the net assets to record actuarial gains or losses. Differences between the assets contributed and the expected payments to be made to beneficiaries

9

Notes to Financial Statements June 30, 2024 and 2023

have been recorded as contribution revenue in the year established. These donations are either restricted on the basis of time, donor-imposed stipulations, or in perpetuity based on the intent of the donor.

The College maintains separate reserve funds adequate to meet future payments under its charitable gift annuity contracts, as required by governing states' laws. The total held in separate reserve funds was \$6,524,837 and \$5,614,283 as of June 30, 2024 and 2023, respectively. The amount included to meet future payments under gift annuity contracts in liability for split-interest agreements was \$2,416,027 and \$2,175,551 as of June 30, 2024 and 2023, respectively.

#### (h) Contributions Receivable

Unconditional promises to give (contributions) are recorded as gifts and private grant income and contributions receivable. Promises to give are not recognized until they become unconditional, that is, when the donor-imposed conditions are substantially met. Contributions other than cash are recorded at their estimated fair value. Management estimates an allowance for uncollectible contributions based on risk factors such as prior collection history, type of contribution, and the nature of the fundraising activity. Contributions are generally receivable within five years of the date the commitment was made and are discounted to present value using a discount rate commensurate with the risk involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

## (i) Property, Plant, and Equipment, Net

Property, plant, and equipment are stated at cost at the date of acquisition, if purchased, or at fair market value, at the date of receipt, if acquired by donation. Equipment under capital leases are stated at the present value of minimum lease payments. Depreciation is computed on a straight-line basis over the estimated useful lives of buildings (20 to 50 years) and equipment and furnishings (5 years). Equipment held under capital leases are amortized on a straight-line basis over the shorter of the lease term or estimated useful life of the asset. Routine repair and maintenance expenses and equipment replacement costs are expensed as incurred.

## (i) Donated Materials

Donated materials are included in the statements of activities and changes in net assets as gifts and private grants at their estimated fair values at date of receipt. These materials are subsequently expensed when used.

## (k) Income Tax Status

The Internal Revenue Service has recognized Reed College as exempt from tax under the provisions of Section 501(a) as an organization described under Section 501(c)(3) of the Internal Revenue Code, except to the extent of unrelated business income under Sections 511 through 515 and certain excise tax programs on investment income. Management believes that unrelated business income tax, if any, is immaterial, and therefore, no tax provision has been made. The College accounts for income taxes in accordance with FASB ASC Subtopic 740-10, *Income Taxes – Overall*, which clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a threshold of more likely than not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return.

Notes to Financial Statements
June 30, 2024 and 2023

ASC Subtopic 740-10 also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The College does not have any uncertain tax positions.

## (I) Cash and Cash Equivalents

Cash and cash equivalents represent cash in bank and other highly liquid investments with original maturities of three months or less. Certain cash equivalents held by trustees and amounts included in the investment portfolio are intended to be invested on a long-term basis and are not included in the statements of cash flows. Cash and cash equivalents whose use is limited includes funds that are restricted for the Federal Perkins Loan program.

Cash and cash equivalents reported in the statements of cash flows comprise the following at June 30:

	_	2024	2023
Cash and cash equivalents	\$	18,778,661	11,028,793
Cash and cash equivalents whose use is limited		237,096	236,888
Cash and cash equivalents held for long-term investment		4,896,495	6,640,078
Total cash and cash equivalents reported			
in the statements of cash flows	\$ _	23,912,252	17,905,759

#### (m) Deferred Revenue

Deferred revenue consists primarily of tuition and fees related to future academic years.

## (n) Postretirement Benefits

Reed College has a noncontributory postretirement medical benefit plan covering participating employees upon their retirement. The College maintains a postretirement medical benefit plan and accounts for the plan within the framework of FASB ASC Subtopic 958-715, *Not-for-Profit Entities – Compensation – Retirement Benefits*.

The College records annual amounts relating to its postretirement medical benefit plan based on calculations that incorporate various actuarial and other assumptions, including discount rates, mortality, and healthcare cost trend rates. The College reviews its assumptions on an annual basis and makes modifications to the assumptions based on current rates and trends when it is appropriate to do so. The College believes that the assumptions utilized in recording its obligations under its plans are reasonable based on its experience and market conditions.

## (o) Concentration of Risk

Reed College's financial instruments include commercial paper, U.S. government and agency securities, corporate obligations, mutual funds, commingled funds, limited partnerships, private equity, private real assets, and private real estate. These financial instruments may subject the College to concentrations of risk.

Notes to Financial Statements June 30, 2024 and 2023

## (p) Reclassifications

Certain items previously reported in the prior-year financial statements have been reclassified to conform to current-year financial statement presentation. These reclassifications had no effect on Reed College's financial position, activities and changes in net assets, or cash flows.

## (3) Financial Assets and Liquidity Resources

Reed College regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. The College has various sources of liquidity at its disposal, including cash and cash equivalents and marketable debt securities. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the College considers all expenditures related to its ongoing mission-related activities as well as the conduct of services undertaken to support those activities to be general expenditures. In addition to financial assets available to meet general expenditures over the next 12 months, the College operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

As of June 30, the following financial assets could readily be made available within one year of the balance sheet date to meet general expenditures:

	_	2024	2023
Financial assets at year-end:			
Cash and cash equivalents	\$	18,778,661	11,028,793
Current accounts receivable, net		1,627,615	2,516,001
Current contributions receivable, net		1,789,492	2,219,433
Investments	_	926,164,457	851,320,441
Total financial assets at year-end		948,360,225	867,084,668
Less amounts not available to meet general expenditures within one year:			
Restricted by donors for use in future periods		21,332,877	19,970,177
Board-designated endowment		397,130,283	364,482,575
Future expendable donor-restricted endowment		172,573,957	143,924,983
Donor-restricted endowment to be retained in perpetuity		221,256,882	212,459,560
Annuity and life income funds		26,940,681	26,531,605
Funds held by trustee		2,420,000	_
Funds held in trust by others	_	2,797,837	2,611,844
Financial assets available to meet general			
expenditures within one year	\$ _	103,907,708	97,103,924

Notes to Financial Statements June 30, 2024 and 2023

#### (4) Investments

The fair value of investments consists of the following at June 30:

	_	2024	2023
Investments:			
Cash and cash equivalents	\$	4,896,495	6,640,078
Fixed income		77,487,868	64,967,948
Public equities		305,037,954	278,578,430
Absolute return		149,929,343	134,944,567
Private equity		237,060,030	224,451,251
Private real assets		71,247,328	65,352,069
Private real estate		47,113,958	42,886,131
Funds held in trust		26,940,681	26,531,605
Funds held in outside trusts		2,797,837	2,611,844
Funds held by trustee		2,420,000	_
Other	_	1,232,963	4,356,518
Total investments	\$_	926,164,457	851,320,441

The overall investment objective for the College's endowment is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund a portion of its annual operating activities and increase investment value after inflation. The College diversifies its investments among various asset classes incorporating multiple strategies and external investment managers. Major investment decisions are authorized by the board's Investment Committee, which oversees the College's investment program in accordance with established guidelines.

Investment strategies include the following:

- Fixed-income investments, which consist of commingled funds, bond mutual funds, and a limited
  partnership that hold securities, the majority of which have maturities greater than one year and are
  valued based on quoted market prices in active markets; certain commingled funds and the limited
  partnership are valued at NAV reported by the fund managers.
- Public equities investments, which consist of mutual funds, commingled funds, and limited
  partnerships; these are valued based on quoted market prices in active markets, except for certain
  commingled funds and limited partnerships, which are valued at NAV reported by the fund managers.
- The absolute return portfolio, which consists of investments of limited partnership interests in hedge funds whose managers have the authority to invest in various asset classes at their discretion, including the ability to invest long and short; the substrategies within the absolute return portfolio include equity long/short, credit/event driven, market neutral, multistrategy, and global macro. The majority of the underlying holdings are marketable securities. The remainder of the underlying holdings is held in marketable securities that trade infrequently, or in private investments, which are valued by the manager on the basis of an appraised value, discounted cash flows, industry comparables, or some other method. The limited partnership interests are valued at NAV reported by the fund managers.

Notes to Financial Statements June 30, 2024 and 2023

Investments in private equity, private real assets, and private real estate, which are in the form of
limited partnership interests and typically invest in private assets for which there is no readily
determinable market value; in these cases, market value is determined by external managers based on
a combination of discounted cash flow analysis, industry comparables, and outside appraisals. Where
private investment managers hold publicly traded securities, these securities are generally valued
based on market prices. The limited partnership interests are valued at NAV reported by the fund
managers.

At June 30, 2024 and 2023, Reed College has approximately \$787 million and \$698 million, respectively, of investments that are not readily marketable. These investments, which include the fixed income, public equities, absolute return portfolio, private equity, private real assets, and private real estate, represent 85% and 82% of total investments and 82% and 81% of total net assets at June 30, 2024 and 2023, respectively. These investments are reported at NAV as reported by the fund managers, which is used as a practical expedient to estimate the fair value. The College believes that the reported amount of its investments is a reasonable estimate of fair value as of June 30, 2024 and 2023. Because of the inherent uncertainties of valuation, these estimated fair values may differ significantly from values that would have been used if a ready market existed. See note 5 for investment fair value and liquidity measurements.

The College has funds invested in various limited partnerships. At times, there are certain positions of derivative financial instruments included in the assets of the various partnerships. The College is obligated under certain limited partnership investment fund agreements to advance funding periodically up to specified levels. At June 30, 2024, the College has unfunded commitments of \$126,535,047. These commitments are callable by the general partners/advisers between June 30, 2024 and 2033. The terminations of these partnerships/funds are based upon specific provisions in the agreements.

Included in funds held in trust investments are \$26,940,681 and \$26,531,605 of planned giving trusts held in mutual funds and other investments that are not available for spending as of June 30, 2024 and 2023, respectively. Included in funds held by trustee at June 30, 2024, is \$2,420,000 invested in money market funds that will be used to pay interest to bond holders.

## (5) Fair Value Measurements

ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the College has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 inputs are unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available.

Notes to Financial Statements June 30, 2024 and 2023

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest-level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets and liabilities carried at fair values:

Cash equivalents: Valued using quoted market prices in active markets. These instruments consist primarily of money market funds and other short-term investments with original maturities of three months or less.

Investments: Fixed income investments include bonds, treasuries, and bond mutual funds. Public equities include publicly traded stocks, mutual funds, and exchange-traded funds. Treasuries, bond mutual funds and public equities are classified as Level 1 in the fair value hierarchy table as their fair value is measured using quoted market prices multiplied by the quantity held. Corporate bonds are classified as Level 2 in the fair value hierarchy table as their fair value is measured using other inputs that are observable or can be corroborated by market data for the term of the instrument.

Funds held in trust: The College's beneficial interest in irrevocable split-interest agreements where the College serves as the trustee or held/controlled by a third party trustee are based on a combination of Level 1 inputs (observable market values of the trusts' investment portfolios), Level 2 indirect observable inputs (real estate investments trusts), and Level 3 significant unobservable inputs (real estate). The fair values are measured at the present value of the future distributions the College expects to receive over the term of the agreements, which are based on Level 3 inputs. Investments classified as Level 3 consist of donated real estate holdings, which are recorded at the appraised value, and a secured note receivable.

Included in other investments and classified in Level 3 is Reed's investment in a single-member limited liability company in which the college is the sole member and the College's beneficial interest in funds held in outside trusts. Also included in other investments classified in Level 3 at June 30, 2023, is real estate donated to the College that was sold in fiscal year 2024.

The College measures the fair value for certain investments that are not exchange traded using NAV as a practical expedient. The practical expedient would not be used if it is determined to be probable that the College will sell the investment for an amount different from the reported NAV. In accordance with FASB ASC Subtopic 820-10, an investment measured at fair value using the net asset value per share practical expedient has not been classified in the fair value hierarchy.

The inputs or methodology used for valuing or classifying investments for financial reporting purposes are not necessarily an indication of the risks associated with those investments or a reflection of the liquidity of or degree of difficulty in estimating the fair value of each fund's underlying assets and liabilities.

Notes to Financial Statements June 30, 2024 and 2023

The following table presents assets and liabilities that are measured at fair value on a recurring basis at June 30, 2024:

		Quoted prices in active markets for identical assets	Significant other observable inputs	Significant unobservable inputs
	Total	(Level 1)	(Level 2)	(Level 3)
Assets:				
Cash and cash equivalents \$	4,896,495	4,896,495	_	_
Fixed income	77,487,868	56,998,180	20,489,688	_
Public equities	23,363,824	23,363,824	_	_
Funds held in trust	26,940,681	26,251,681	_	689,000
Funds held in outside trusts	2,797,837	_	_	2,797,837
Funds held by trustee	2,420,000	2,420,000	_	_
Other	1,232,963	198,411		1,034,552
Total	139,139,668	114,128,591	20,489,688	4,521,389
Investments where NAV was				
used as a practical expedient				
to measure fair value:				
Absolute return	149,929,343			
Private equity	237,060,030			
Private real assets	71,247,328			
Private real estate	47,113,958			
Public equities	281,674,130			
Total	787,024,789			
Total investments				
and other assets \$	926,164,457			

Notes to Financial Statements June 30, 2024 and 2023

The following table presents assets and liabilities that are measured at fair value on a recurring basis at June 30, 2023:

	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets:				
	6,640,078	6,640,078	_	_
Fixed income	64,967,948	42,948,927	22,019,021	
Public equities	48,445,430	48,445,430	_	_
Funds held in trust	26,531,605	25,185,605	_	1,346,000
Funds held in outside trusts	2,611,844	_	_	2,611,844
Other	4,356,518	108,381		4,248,137
Total	153,553,423	\$ 123,328,421	22,019,021	8,205,981
Investments where NAV was used as a practical expedient to measure fair value:				
Absolute return	134,944,567			
Private equity	224,451,251			
Private real assets	65,352,069

Absolute return		126,464,989	3 Months	Quarterly	30–75 Days
Public equities		121,225,781	3 Months	Quarterly	30–75 Days
Public equities		13,518,102	3 Months	Semiannually	90 Days
Absolute return		10,835,299	9 Months	Annual	60–90 Days
Absolute return		1,191,966	Liquidating	Illiquid	_
Private equity		237,060,030	_	Illiquid	_
Private real assets		71,247,328	_	Illiquid	_
Private real estate	_	47,113,958	_	Illiquid	_
Total investments where NAV was used as a practical expedient to measure fair value	\$	787,024,789			

The following table presents information for investments where the NAV was used as a practical expedient to measure fair value at June 30, 2023:

	_	Fair value	Lockup period	Redemption frequency	Redemption notice period
Public equities	\$	70,244,440	15 Days	Semimonthly	9–15 Days
Public equities		63,550,183	1 Month	Monthly	5–10 Days
Absolute return		10,241,542	1 Month	Monthly	30 Days
Absolute return		113,946,592	3 Months	Quarterly	30–90 Days
Public equities		84,593,975	3 Months	Quarterly	30–75 Days
Public equities		11,744,402	3 Months	Semiannually	90 Days
Absolute return		9,710,374	9 Months	Annual	60–90 Days
Absolute return		1,046,059	_	Illiquid	_
Private equity		224,451,251	_	Illiquid	_
Private real assets		65,352,069	_	Illiquid	_
Private real estate	_	42,886,131	_	Illiquid	_
Total investments where NAV was used as a practical expedient to measure fair value	\$	697,767,018			

Notes to Financial Statements June 30, 2024 and 2023

The College holds investments in private limited partnerships and certain fixed-income commingled funds where NAV is used as a practical expedient to measure fair value at June 30, 2024 and 2023. These investments do not allow for periodic redemptions but rather distribute earnings at the discretion of the fund managers and fully liquidate upon the termination date as stated in the agreement. Therefore, these are considered illiquid.

## (6) Property, Plant, and Equipment, Net

Property, plant, and equipment consist of the following at June 30:

	-	2024	2023
Land and land improvements	\$	14,777,363	14,437,445
Buildings		262,409,701	258,479,018
Equipment, furniture, and fixtures		19,919,301	19,090,289
Construction in progress	_	24,209,889	8,534,414
		321,316,254	300,541,166
Less accumulated depreciation	-	(138,631,654)	(131,467,298)
Net property, plant, and equipment	\$_	182,684,600	169,073,868

Depreciation expense was \$7,276,260 and \$6,990,346 for the years ended June 30, 2024 and 2023, respectively, and is allocated to the functional expenses based on the relative square footage of the departments.

## (7) Long-Term Debt

## (a) Notes Payable

Effective February 24, 2022, the College issued \$125,000,000 of taxable fixed rate bonds. The bonds have a single maturity on July 1, 2052 and bear interest at 3.872%. A portion of the bond proceeds was deposited with a trustee in an irrevocable escrow trust account to service the 2017 State of Oregon Bonds until July 1, 2027, which is the earliest date the bonds are callable. The remaining bond proceeds in the amount of \$17,716,289, which were largely invested in fixed-income securities at June 30, 2024, will be used for future strategic needs of the College.

Notes payable consists of the following at June 30:

	_	2024	2023
2022 Taxable fixed rate bonds Unamortized issuance costs	\$	125,000,000 (1,033,798)	125,000,000 (1,071,210)
Total long-term debt due after one year	\$_	123,966,202	123,928,790

Notes to Financial Statements June 30, 2024 and 2023

Interest on the notes payable and amortization of premium and issuance costs at June 30 are as follows:

	_	2024	2023
Interest Amortization of premium and issuance costs	\$	4,840,000 37,412	4,840,000 37,412
Total interest cost recorded in the statement of activities	\$_	4,877,412	4,877,412

Amortization is calculated over the life of the notes. Interest and amortization are allocated to the functional expenses based on the relative square footage of the departments.

#### (8) Retirement and Postretirement Benefits

## (a) Retirement Plan

The College has a defined-contribution pension plan administered through Teachers Insurance and Annuity Association – College Retirement Equities Fund. Employees are able to voluntarily contribute funds to this plan beginning on the first day of employment provided they are not students. Employees are eligible for fixed employer contributions the first month following the completion of one year of service and must have attained the age of 21. Participants are immediately vested in their employee and employer contributions and earnings thereon. The College's policy is to fund pension expenses as incurred. Expenditures relating to the plan were \$4,295,453 and \$4,127,572 for the years ended June 30, 2024 and 2023, respectively, and are included in education and general expenses and auxiliary enterprises in the accompanying statements of activities and changes in net assets.

## (b) Defined-Benefit Retiree Medical Insurance Plan

The College maintains a defined-benefit retiree medical insurance plan, which is not funded. Employees hired after June 30, 2006 do not participate in this plan. In order to participate, employees hired prior to September 2, 2001 must retire from the College at or after age 55 with at least 10 years of continuous service. Employees hired between September 1, 2001 and June 30, 2006 must retire from the College at or after age 55 with 20 years of continuous service.

Participating retirees have the option of continuing to be insured by either the College's current plan or a plan offered by the Emeriti Retirement Health Solutions program. Participating retirees who retired prior to September 2, 2001 and spouses/domestic partners are covered for their lifetime. All other participating retirees are covered at the lowest premium plan for their lifetime, and spouses/domestic partners are covered at the rate of 50% of the lowest premium plan for their lifetime.

Notes to Financial Statements June 30, 2024 and 2023

The accrued liability for postretirement benefits consists of the following at June 30:

	_	2024	2023
Change in benefit obligation:			
Benefit obligation at beginning of year	\$	23,956,557	25,247,779
Service cost		253,696	326,421
Interest cost		1,198,442	1,178,360
Benefits paid		(953,015)	(892,400)
Actuarial loss/(gain)	_	858,740	(1,903,603)
Benefit obligation at end of year and funded			
status	\$_	25,314,420	23,956,557
Amounts recognized in the balance sheet consist of:			
Postretirement benefits payable – current	\$	1,079,830	926,898
Postretirement benefits payable – long term	_	24,234,590	23,029,659
	\$_	25,314,420	23,956,557

The College used the following actuarial assumptions to determine its employee benefit obligations and net periodic benefit cost for the years ended June 30, 2024 and 2023, as measured at June 30:

	2024	2023
Benefit obligation:		
Weighted average discount rate	5.45 %	5.10 %
Rate of increase in per capita cost of covered		
healthcare benefits	8.00% trending to	7.25% trending to
	4.5% in 2036	4.5% in 2033
Net periodic benefit cost:		
Weighted average discount rate	5.10 %	4.75 %
Rate of increase in per capita cost of covered		
healthcare benefits	7.25% trending to	7.5% trending to
	4.5% in 2033	4.5% in 2033

Actuarial changes were driven by changes in the mortality rate assumptions, the discount rate, and changes in healthcare cost trends.

Notes to Financial Statements
June 30, 2024 and 2023

Net periodic benefit cost included the following components for the years ended June 30:

	 2024	2023
Service cost	\$ 253,696	326,421
Interest cost	1,198,442	1,178,360
Recognition of actuarial loss/(gain)	 858,740	(1,903,603)
Net periodic benefit cost	\$ 2,310,878	(398,822)

Service cost is included in education and general expenses and the other components of net periodic postretirement benefit are included in nonoperating activity in the accompanying statements of activities and changes in net assets.

The College's policy is to fund the plan as claims payments are made. In fiscal year 2024, the College expects to contribute, from ongoing cash flows and current assets, \$1,108,865 to the plan. Benefit payments, which reflect expected future service, as appropriate, are expected to be paid as follows for the years ending June 30:

Year(s) ending:	
2025	\$ 1,108,865
2026	1,223,063
2027	1,275,406
2028	1,349,619
2029	1,463,530
2030–2034	8,431,173

#### (c) Emeriti Retiree Defined-Contribution Health Plan

The College has a defined-contribution retiree health plan for employees hired on or after July 1, 2006. The College makes contributions on each eligible employee's behalf once the individual reaches the age of 40 years. Employees are also eligible to make discretionary after-tax contributions to their account if the individual is 21 years or older. Employees are eligible to receive benefits from the plan if the employee has attained age 55 years and achieved 20 years of continuous service to the College. Employer expenses related to this plan, net of forfeitures, were \$263,426 and \$118,445 for fiscal years ended June 30, 2024 and 2023, respectively, and are included in education and general expenses in the accompanying statements of activities and changes in net assets.

#### (9) Funds Held in Trust by Others

The College has been named beneficiary of a portion of the remainder of six trusts maturing at specified dates in the future. These trusts are administered by other entities. The College revalues the receivables using the fair value of expected future cash flows. At June 30, 2024 and 2023, the trusts receivable was \$2,797,837 and \$2,611,844, respectively, and were reported as noncurrent funds held in trust by others in the statements of financial position.

Notes to Financial Statements June 30, 2024 and 2023

## (10) Contributions and Accounts Receivable

Contributions receivable consist of the following at June 30:

		2024	2023
Annual fund	\$	1,262,311	1,140,404
Campaign		297,788	420,976
Endowment		3,478,321	2,968,323
Gross contributions receivable	\$	5,038,420	4,529,703
Contributions receivable consist of the following at June 30:			
		2024	2023
Current:			
Gross contributions receivable	\$	1,883,492	2,336,433
Less allowance for doubtful accounts		(94,000)	(117,000)
Total current net contributions receivable		1,789,492	2,219,433
Long term (one to five years):			
Gross contributions receivable		3,154,928	2,193,270
Less allowance for doubtful accounts		(144,000)	(102,000)
Net long-term contributions receivable		3,010,928	2,091,270
Less discount to present value	_	(269,564)	(147,104)
Total long-term net contributions receivable		2,741,364	1,944,166
Total net contributions receivable	\$	4,530,856	4,163,599

Contributions receivable due in excess of one year are discounted at 4.33% to 4.76% and 3.67% to 4.42% for the years ended June 30, 2024 and 2023, respectively.

Of the net unconditional promises to give included above, \$314,990 represents an unconditional promise to give from 6 members of the College Board of Trustees. These are considered related party transactions under ASC 850.

Notes to Financial Statements
June 30, 2024 and 2023

Accounts receivable consist of the following at June 30:

		2024	2023
Current:			
Student accounts receivable	\$	182,736	67,937
Related parties		58,954	60,436
Government agencies		1,040,105	2,246,746
Other receivables		345,820	140,882
	_	1,627,615	2,516,001
Noncurrent:			
Student accounts receivable		3,450	17,678
Reed loans		1,005,518	958,861
Related parties		142,665	147,299
Federal Perkins loans		579,011	773,710
		1,730,644	1,897,548
Less allowance for doubtful accounts	_	(60,239)	(60,239)
	\$	3,298,020	4,353,310

The Federal Perkins Loans and Reed loans are generally payable at interest rates of 5% to 9% over approximately 10 years. Repayment begins after a designated grace period following the student's college attendance. Principal payments, interest, and losses due to cancellation are shared by the College and the U.S. government in proportion to their share of funds provided. The Federal Perkins Loan program provides for cancellation of loans if the student is employed in certain occupations following graduation (employment cancellations). Such employment cancellations are absorbed in full by the U.S. government.

Congress did not renew the Federal Perkins Loan Program after September 2017, and the transition period permitting disbursements ended on June 30, 2018. Institutions have the option to either continue to service the outstanding loans and remit excess cash periodically to the Department of Education or liquidate the portfolio, which would include assigning the remaining loans to the federal government and forfeiting the institution's remaining net assets (institutional capital contribution). The College intends to continue servicing the outstanding Perkins loans.

Accounts receivable reported as related party receivables represent amounts due from employees for various loan programs administered by the College.

Notes to Financial Statements June 30, 2024 and 2023

## (11) Net Assets

At June 30, 2024 and 2023, net assets consisted of the following:

	-	2024	2023
Without donor restrictions:			
Operating and designated for special programs	\$	58,777,275	63,301,603
Institutional Ioan programs		1,909,626	1,873,823
Funds functioning as endowment		123,907,108	121,745,234
Accumulated quasi-endowment gains		273,223,175	242,737,341
Net investment in plant	-	52,363,137	38,903,832
Subtotal	<del>-</del>	510,180,321	468,561,833
With donor restrictions – time or purpose:			
Educational and general programs		21,332,877	19,970,177
Annuity and life income funds		10,471,423	9,820,615
Accumulated endowment gains		172,573,957	143,924,983
Other time or purpose restrictions	_	13,005,451	1,446,888
Subtotal	_	217,383,708	175,162,663
With donor restrictions – perpetual:			
True endowment funds		221,256,882	212,459,560
Annuity and life income funds	_	7,528,952	8,156,263
Subtotal	_	228,785,834	220,615,823
Total	\$_	956,349,863	864,340,319

#### (12) Endowments

At June 30, 2024, the College's endowment consisted of approximately 550 individual funds established for a variety of purposes. The endowment includes both donor-restricted endowments and funds designated by the College to function as endowments (quasi-endowments). Quasi-endowment funds do not have donor restrictions and may be expended at the discretion of the College. As required by U.S. generally accepted accounting principles, net assets associated with endowment funds, including quasi-endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of relevant law – The State of Oregon has enacted UPMIFA, the provisions of which apply to endowment funds. The College classifies as net assets with perpetual donor restrictions the original value of gifts to donor-restricted endowments and any other amounts added to donor-restricted endowments that donors have stipulated are not expendable. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with perpetual donor restrictions, including deficiencies associated with funds where the value of the fund has fallen below the original value of the gift, is classified as net assets with donor-imposed time or purpose restrictions until those amounts are appropriated for expenditure by the College in a manner consistent with the standard of prudence prescribed by UPMIFA.

Notes to Financial Statements June 30, 2024 and 2023

Income and net gains on investments of endowment are reported as follows:

- Increases in net assets with perpetual donor restrictions if the terms of the gift or the College's interpretation of relevant state law require they be added to the principal of a true endowment fund
- Increases in net assets with donor-imposed restrictions if the terms of the gift restrict its use and endowment income has not yet been appropriated for expenditure
- Increases in net assets without donor restrictions in all other cases.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires to be retained as a fund of perpetual duration. Deficiencies of this nature are reported in net assets with perpetual donor restrictions. As of June 30, 2024 and 2023, funds with an original gift value of \$0 and \$8,861,067 were "underwater" by \$0 and \$179,616, respectively.

Investment and spending policies – To enable broad diversification and economies of scale, the College's policy is to pool endowment assets for investment purposes to the fullest extent possible as permitted by gift agreements and applicable government regulations.

The College's pooled endowment provides ongoing financial support for operations that will remain stable (or grow) in real or inflation-adjusted terms, as adjusted for new additions to the pooled endowment. The primary investment objective of the pooled endowment is to provide a sustainable maximum level of return consistent with prudent risk levels. The overall, long-term investment goal of the pooled endowment is to achieve an annualized total return that balances short-term spending needs with the preservation of the real (inflation adjusted) value of assets. Investments are diversified across a wide range of asset classes, including those providing return premiums for illiquidity, so as to provide a balance that will enhance total return under a range of economic scenarios, while avoiding undue risk concentrations in any single asset class or investment category. Sufficient liquidity in the endowment portfolio to meet the spending policy and operational needs, preserve the College's desired credit ratings, and maintain compliance with any debt agreements is also considered when making investment decisions regarding asset allocation.

In accordance with UPMIFA, the College considers the following factors, among others, in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund; (2) the purposes of the College and the donor-restricted endowment fund; (3) general economic conditions; (4) the possible effect of inflation or deflation; (5) the expected total return from income and the appreciation of investments; (6) other resources of the College; and (7) the investment policies of the College.

Pooled endowment spending is determined using the total return concept. The policy on spending endowment income for fiscal years 2024 and 2023 is to spend 5% over a rolling 13-quarter moving average of the fair value or market value of the endowment.

Notes to Financial Statements June 30, 2024 and 2023

Endowment net assets by type of fund as of June 30, 2024:

## (13) Functional Classification of Expenses

Educational program expenses include instruction, academic support, and student services. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. These expenses were allocated among program and supporting functions using a variety of cost allocation techniques, such as square footage and time and effort.

The table below presents expenses by both their nature and function for the year ended June 30, 2024:

	•	Educational programs	Research	Auxiliary enterprises	College relations	General institutional support	Total
Salaries and wages	\$	36,399,716	1,057,873	3,596,666	4,879,370	4,632,913	50,566,538
Benefits		13,216,540	302,200	1,118,370	1,915,627	1,818,869	18,371,606
Utilities, alterations,							
and repairs		2,338,021	201,664	4,113,921	61,829	253,142	6,968,577

## (14) Fundraising Expense

The College expended \$3,965,392 and \$3,541,704 for the years ended June 30, 2024 and 2023, respectively, for payroll and benefits, informational materials, college relations, travel, and special events relating to fundraising activities. These costs are all classified as college relations in the statements of activities and changes in net assets.

## (15) Commitments and Contingencies

From time to time, the College is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, most of these claims and legal actions are covered by insurance and the ultimate disposition of these matters will not have a material effect on the College's financial position, statements of activities and changes in net assets, or cash flows.

## (16) Related Party Transactions

During the normal course of business, the College may engage in transactions with an entity or person with which the College or a member of the Board of Trustees is affiliated. The College has a policy to require trustees and officers to disclose affiliations and to review and authorize such transactions, as appropriate.

## (17) Subsequent Events

The College has evaluated subsequent events from the statement of financial position date through September 30, 2024, the date at which the financial statements were issued, and determined that there are no other items to disclose.

KPMG LLP Suite 3800 1300 South West Fifth Avenue Portland, OR 97201

# Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

The Board of Trustees
The Reed Institute:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Reed Institute (the College), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 30, 2024.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The Board of Trustees
The Reed Institute:

## Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited The Reed Institute's (the College) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the College's major federal program for the year ended June 30, 2024. The College's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

## Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the College's federal programs.

## Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
  evidence regarding the College's compliance with the compliance requirements referred to above and
  performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to
  design audit procedures that are appropriate in the circumstances and to test and report on internal control
  over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an
  opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion
  is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the College as of and for the year ended June 30, 2024, and have issued our report thereon dated September 30, 2024, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Portland, Oregon September 30, 2024

Notes to Schedule of Expenditures of Federal Awards Year ended June 30, 2024

#### (1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of The Reed Institute (the College) under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200 (2 CFR 200), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the College.

## (2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### (3) Indirect Cost Rate

The College has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

## (4) Federal Student Loan Programs

The federal Perkins loan program is administered directly by the College, and balances and transactions relating to this program are included in the College's basic financial statements. The basis used to determine Perkins loans expended shown on the Schedule is the amount of new loans made or received during the fiscal year plus the balance of loans from previous years for which the federal government imposes continuing compliance requirements, plus any interest subsidy, cash, or administrative cost allowance received. Federal direct student loans are made by the Secretary of Education through the Federal Direct Student Loan program and only the value of loans made during the period are considered federal awards expended during that period and are shown on the Schedule. The balance of loans outstanding at June 30, 2024 consists of:

	Assistance listing number	_	Loans outstanding at the beginning of the fiscal year	New loans processed during the fiscal year	Administrative cost	Total loans on the schedule of expenditures of federal awards	Outstanding balance at June 30, 2024
Perkins loans Federal direct student	84.038	\$	773,705	_	_	773,705	588,090
loans	84.268			6,080,410		6,080,410	
		\$	773,705	6,080,410		6,854,115	588,090

Congress did not renew the Federal Perkins Loan Program after September 2017, and the transition period permitting disbursements ended on June 30, 2018. The College intends to continue servicing the outstanding Perkins loans and remit excess cash periodically to the Department of Education. As the program has ended, there were no Perkins loans made during the year ended June 30, 2024.

# Schedule of Findings and Questioned Costs Year ended June 30, 2024

## (1) Summary of Auditor's Results

- (a) Type of report issued on whether the financial statements were prepared in accordance with generally accepted accounting principles: **Unmodified**
- (b) Internal control deficiencies over financial reporting disclosed by the audit of the financial statements:

Material weaknesses: No

Significant deficiencies: None reported

- (c) Noncompliance material to the financial statements: No
- (d) Internal control deficiencies over major programs disclosed by the audit:

Material weaknesses: No

Significant deficiencies: None reported

- (e) Type of report issued on compliance for major programs: Unmodified
- (f) Audit findings that are required to be reported in accordance with 2 CFR 200.516(a): No
- (g) Major programs:
  - Student Financial Assistance Cluster various assistance listing numbers
- (h) Dollar threshold used to distinguish between Type A and Type B programs: \$750,000
- (i) Auditee qualified as a low-risk auditee: Yes
- (2) Findings Relating to the Financial Statements Reported in Accordance with *Government Auditing* Standards

None

(3) Findings and Questioned Costs Relating to Federal Awards

None
